Specification Summary

Brand	Asec
Product type	Fire Equipment

Product Description

The Asec EN3 Fire Extinguisher Colour Chart is an essential safety sign designed to provide clear, easy-to-read guidance on the different types of fire extinguishers and their correct applications. In an emergency, identifying the right extinguisher quickly is critical, and this chart serves as a vital reference point for staff, visitors, and residents alike.

Manufactured from a durable 1mm rigid PVC board, this non-adhesive sign is built to last and can be easily mounted on walls, doors, or directly alongside your fire safety equipment. Measuring 350mm by 200mm, it features highly legible text and colour-coded graphics that correspond to standard fire extinguisher classifications, helping to support safety awareness and compliance in the workplace.

Perfect for commercial premises, offices, workshops, and public buildings, this Asec fire safety chart is a simple yet highly effective way to enhance emergency preparedness in any environment.

Technical Specifications

- **Brand:** Asec

- **Manufacturer Reference:** AS11548
- **Material:** 1mm Rigid PVC (non-adhesive)
- **Height:** 200mm
- **Width:** 350mm
- **Weight:** 75g
- **Pack Quantity:** 1

Key Features

- **Clear & Legible:** Features highly visible safety instructions and colour-coded graphics for quick identification in an emergency.
- **Durable Construction:** Made from robust 1mm rigid PVC board, ensuring long-lasting durability.
- **Essential Safety Reference:** Helps users quickly identify the correct fire extinguisher type for different classes of fire.
- **Easy to Mount:** Non-adhesive design allows for secure mounting on a variety of flat surfaces near fire safety stations.

Brand Profile

Asec

ASEC is a **trade-focused security hardware brand** built around the “everyday kit” locksmiths and installers reach for, with a big emphasis on **breadth, availability, and value** rather than boutique-only spec pieces. The brand was **established in 2003** and was created specifically to **support independent retailers and security professionals** with products that *“would never become available through the large multiple retailers.”*

Where ASEC gets especially interesting (and why it tends to become a “default stock brand”) is the **scale of the range**:

- ASEC positions itself as having a portfolio of **2,000+ individual products**, described as one of the **largest ranges under a single security brand name** in the industry.
- Coverage is intentionally broad across the core trade categories: **Access Control, Architectural Hardware, Key Cutting, Locking Products, UPVC, Tools & Accessories**.

ASEC is **exclusive to Aldridge Security** (whom we distribute) in the UK trade ecosystem (Aldridge explicitly calls itself the **exclusive distributor of ASEC Security Products worldwide**). That exclusivity is a big part of the brand’s identity: it keeps the range aimed at the trade channel rather than getting diluted into mass retail.
