Product Description

The Asec 5-Pin Euro Half Cylinder with Adjustable Cam is a highly versatile single-entry cylinder designed for applications where precise cam alignment is essential, such as garage doors, roller shutters, and key switches. Featuring a multi-position adjustable cam, this cylinder allows for flexible installation and reliable operation across a variety of specialised locking mechanisms.

Equipped with a secure 5-pin mechanism, this half euro cylinder is supplied keyed to differ and comes complete with three keys. It is available in a range of overall lengths, including 40mm, 45mm, and 50mm, alongside a choice of high-quality finishes to match your existing door hardware.

Please select your required size, length, and finish from the options below to find the perfect fit for your installation.

Brand Profile

Asec

ASEC is a **trade-focused security hardware brand** built around the “everyday kit” locksmiths and installers reach for, with a big emphasis on **breadth, availability, and value** rather than boutique-only spec pieces. The brand was **established in 2003** and was created specifically to **support independent retailers and security professionals** with products that *“would never become available through the large multiple retailers.”*

Where ASEC gets especially interesting (and why it tends to become a “default stock brand”) is the **scale of the range**:

- ASEC positions itself as having a portfolio of **2,000+ individual products**, described as one of the **largest ranges under a single security brand name** in the industry.
- Coverage is intentionally broad across the core trade categories: **Access Control, Architectural Hardware, Key Cutting, Locking Products, UPVC, Tools & Accessories**.

ASEC is **exclusive to Aldridge Security** (whom we distribute) in the UK trade ecosystem (Aldridge explicitly calls itself the **exclusive distributor of ASEC Security Products worldwide**). That exclusivity is a big part of the brand’s identity: it keeps the range aimed at the trade channel rather than getting diluted into mass retail.
