Specification Summary

Brand	Asec
Product type	Cylinder - Euro

Product Description

The Asec Euro Sashcase is a reliable, high-quality mortice sashlock case designed for use on non-fire rated internal and external doors. Engineered to accommodate a wide variety of Euro profile cylinders (sold separately), this sashcase provides a flexible locking solution for both residential and commercial applications.

This sashcase features a pierced case, allowing it to easily accept bolt-through door furniture for a secure, professional installation. It is supplied complete with a boxed keep for a neat finish and added security.

To suit your specific door requirements and aesthetic preferences, the Asec Euro Sashcase is available in multiple options. You can choose from case depths of either 64mm (with a 44mm backset) or 76mm (with a 57mm backset). It is also offered in two durable finishes: Polished Brass and Stainless Steel. Please select your preferred size and finish from the options below.

Brand Profile

Asec

ASEC is a **trade-focused security hardware brand** built around the “everyday kit” locksmiths and installers reach for, with a big emphasis on **breadth, availability, and value** rather than boutique-only spec pieces. The brand was **established in 2003** and was created specifically to **support independent retailers and security professionals** with products that *“would never become available through the large multiple retailers.”*

Where ASEC gets especially interesting (and why it tends to become a “default stock brand”) is the **scale of the range**:

- ASEC positions itself as having a portfolio of **2,000+ individual products**, described as one of the **largest ranges under a single security brand name** in the industry.
- Coverage is intentionally broad across the core trade categories: **Access Control, Architectural Hardware, Key Cutting, Locking Products, UPVC, Tools & Accessories**.

ASEC is **exclusive to Aldridge Security** (whom we distribute) in the UK trade ecosystem (Aldridge explicitly calls itself the **exclusive distributor of ASEC Security Products worldwide**). That exclusivity is a big part of the brand’s identity: it keeps the range aimed at the trade channel rather than getting diluted into mass retail.
