Specification Summary

Brand	Asec
Product type	Chrome Effect

Product Description

The Asec "Exit" Chrome Self Adhesive Sign is a sleek and contemporary signage solution, ideal for modern offices, commercial premises, and public buildings. Featuring a highly reflective, mirror-like chrome effect finish, this sign offers a polished, professional appearance that coordinates perfectly with polished chrome door hardware and contemporary interior decors.

With its compact dimensions of 200mm x 50mm, this mini sign is specifically designed for areas with limited space where larger signs would be impractical or visually intrusive. It provides clear, instantly recognisable direction without compromising on the aesthetic of your environment.

Manufactured from durable, semi-rigid PVC, the sign is built to withstand daily wear and tear. It comes equipped with a strong self-adhesive backing, allowing for quick, clean, and hassle-free installation on flat surfaces without the need for screws, drilling, or specialist tools.

Technical Specifications

- **Brand:** Asec

- **Manufacturer Reference:** AS4758
- **Legend:** Exit
- **Width:** 200mm (20cm)
- **Height:** 50mm
- **Material:** Semi-rigid PVC

Brand Profile

Asec

ASEC is a **trade-focused security hardware brand** built around the “everyday kit” locksmiths and installers reach for, with a big emphasis on **breadth, availability, and value** rather than boutique-only spec pieces. The brand was **established in 2003** and was created specifically to **support independent retailers and security professionals** with products that *“would never become available through the large multiple retailers.”*

Where ASEC gets especially interesting (and why it tends to become a “default stock brand”) is the **scale of the range**:

- ASEC positions itself as having a portfolio of **2,000+ individual products**, described as one of the **largest ranges under a single security brand name** in the industry.
- Coverage is intentionally broad across the core trade categories: **Access Control, Architectural Hardware, Key Cutting, Locking Products, UPVC, Tools & Accessories**.

ASEC is **exclusive to Aldridge Security** (whom we distribute) in the UK trade ecosystem (Aldridge explicitly calls itself the **exclusive distributor of ASEC Security Products worldwide**). That exclusivity is a big part of the brand’s identity: it keeps the range aimed at the trade channel rather than getting diluted into mass retail.
