Specification Summary

Brand	Asec
Product type	Personal Protective Equipment

Product Description

Ensure workplace safety standards are clearly communicated with the Asec "Eye Protection Must Be Worn" safety sign. Designed for commercial, industrial, and construction environments, this mandatory sign provides unmistakable instruction that eye protection must be worn in designated areas.

Manufactured from durable semi-rigid PVC, this sign is suitable for long-term internal use and delivers excellent visibility. Its bold blue and white colour scheme, universally recognised for mandatory safety signage, helps reinforce compliance at a glance.

Measuring 300mm x 100mm, the sign is compact enough to fit neatly on doors, walls, machinery guards, or entry points, while remaining large enough to be clearly legible. The self-adhesive backing allows for quick, clean installation without the need for drilling or fixings. Each pack contains two signs on a single sheet, offering excellent value and flexibility when applying safety notices across multiple locations.

Technical Specifications

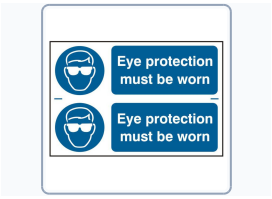

- **Brand:** Asec

- **Manufacturer Reference:** AS4638
- **Material:** Semi-rigid PVC
- **Backing:** Self-adhesive
- **Width:** 300mm
- **Height:** 100mm

Brand Profile

Asec

ASEC is a **trade-focused security hardware brand** built around the “everyday kit” locksmiths and installers reach for, with a big emphasis on **breadth, availability, and value** rather than boutique-only spec pieces. The brand was **established in 2003** and was created specifically to **support independent retailers and security professionals** with products that *“would never become available through the large multiple retailers.”*

Where ASEC gets especially interesting (and why it tends to become a “default stock brand”) is the **scale of the range**:

- ASEC positions itself as having a portfolio of **2,000+ individual products**, described as one of the **largest ranges under a single security brand name** in the industry.
- Coverage is intentionally broad across the core trade categories: **Access Control, Architectural Hardware, Key Cutting, Locking Products, UPVC, Tools & Accessories**.

ASEC is **exclusive to Aldridge Security** (whom we distribute) in the UK trade ecosystem (Aldridge explicitly calls itself the **exclusive distributor of ASEC Security Products worldwide**). That exclusivity is a big part of the brand’s identity: it keeps the range aimed at the trade channel rather than getting diluted into mass retail.
