Specification Summary

Brand	Asec
Product type	Fire Action & First Aid

Product Description

Ensure your premises are compliant and your occupants are safe with the Asec Fire Action Procedure Sign. In an emergency, clear and immediate instructions are vital to prevent panic and guide safe evacuation. This mandatory safe practice and procedure sign features the standard blue circle with a white image, indicating that a specific course of action must be taken.

Constructed from high-quality, semi-rigid PVC, this 200mm x 300mm portrait sign is highly durable and resistant to moisture and wear, making it ideal for busy commercial, industrial, or residential environments. Installation is quick and hassle-free thanks to the strong self-adhesive backing, allowing you to mount it securely to any smooth, clean surface such as walls, doors, or panels without the need for tools or screws.

This sign is available in two options to suit your building's risk assessment and evacuation plan:

- **Option 1 (AS4646):** Standard Fire Action Procedure sign.
- **Option 2 (AS4647):** Fire Action Procedure sign with additional actions for more detailed guidance.

Please choose your preferred manufacturer reference and barcode option from the selection below.

Technical Specifications

Brand Profile

Asec

ASEC is a **trade-focused security hardware brand** built around the “everyday kit” locksmiths and installers reach for, with a big emphasis on **breadth, availability, and value** rather than boutique-only spec pieces. The brand was **established in 2003** and was created specifically to **support independent retailers and security professionals** with products that *“would never become available through the large multiple retailers.”*

Where ASEC gets especially interesting (and why it tends to become a “default stock brand”) is the **scale of the range**:

- ASEC positions itself as having a portfolio of **2,000+ individual products**, described as one of the **largest ranges under a single security brand name** in the industry.
- Coverage is intentionally broad across the core trade categories: **Access Control, Architectural Hardware, Key Cutting, Locking Products, UPVC, Tools & Accessories**.

ASEC is **exclusive to Aldridge Security** (whom we distribute) in the UK trade ecosystem (Aldridge explicitly calls itself the **exclusive distributor of ASEC Security Products worldwide**). That exclusivity is a big part of the brand’s identity: it keeps the range aimed at the trade channel rather than getting diluted into mass retail.
