Product Description

The Asec "Fire Exit" PVC Self-Adhesive Sign is a highly visible, British Standard compliant emergency safety sign designed to clearly indicate fire exits and evacuation routes. Featuring the universally recognised green background with white text and safe-condition symbols, this sign provides clear guidance during an emergency.

Constructed from durable, semi-rigid PVC, the sign is designed for long-lasting indoor use. It features a strong self-adhesive backing, allowing for quick, tool-free installation directly onto doors, walls, or other smooth surfaces.

This sign is available in both Left Hand and Right Hand configurations to suit your specific escape route directions. Please select your required handing and manufacturer reference from the options below.

Brand Profile

Asec

ASEC is a **trade-focused security hardware brand** built around the “everyday kit” locksmiths and installers reach for, with a big emphasis on **breadth, availability, and value** rather than boutique-only spec pieces. The brand was **established in 2003** and was created specifically to **support independent retailers and security professionals** with products that *“would never become available through the large multiple retailers.”*

Where ASEC gets especially interesting (and why it tends to become a “default stock brand”) is the **scale of the range**:

- ASEC positions itself as having a portfolio of **2,000+ individual products**, described as one of the **largest ranges under a single security brand name** in the industry.
- Coverage is intentionally broad across the core trade categories: **Access Control, Architectural Hardware, Key Cutting, Locking Products, UPVC, Tools & Accessories**.

ASEC is **exclusive to Aldridge Security** (whom we distribute) in the UK trade ecosystem (Aldridge explicitly calls itself the **exclusive distributor of ASEC Security Products worldwide**). That exclusivity is a big part of the brand’s identity: it keeps the range aimed at the trade channel rather than getting diluted into mass retail.
