Specification Summary

Brand	Asec
Product type	Fire Equipment

Product Description

Ensure clear and safe identification of fire safety equipment on your premises with the Asec Fire Extinguisher Signs. These essential safety signs are designed to clearly mark the location and type of fire extinguisher available, helping occupants quickly identify the correct equipment to use in an emergency.

Constructed from durable, rigid 1mm RPVC (plastic) board, these non-adhesive signs are built to last and are easy to mount on a variety of surfaces. They are available in a range of legends to suit different fire safety setups, including CO2, Dry Powder, Foam, Water, and Wet Chemical.

Please choose your required legend, barcode, and manufacturer reference from the options below to ensure you get the correct sign for your specific fire safety equipment.

Technical Specifications

- **Brand:** Asec
- **Material:** Plastic (Rigid RPVC)
- **Thickness:** 1mm
- **Width:** 82mm
- **Height:** 202mm
- **Weight:** 18g
- **Pack Quantity:** 1
- **Legends Available:** CO2, Dry Powder, Foam, Water, Wet Chemical (please select from the options below)
- **Manufacturer References:** AS11549, AS11550, AS11551, AS11552, AS11553 (please select from the options below)

Key Features

- **Clear Identification:** Helps users quickly identify the correct fire extinguisher type in an emergency.
- **Durable Construction:** Made from high-quality, rigid 1mm PVC board for long-lasting performance.
- **Non-Adhesive Design:** Rigid board construction allows for versatile mounting options on walls or brackets.
- **Multiple Options:** Available in five distinct legends to cover all common fire extinguisher types - please select your option below.

Brand Profile

Asec

ASEC is a **trade-focused security hardware brand** built around the “everyday kit” locksmiths and installers reach for, with a big emphasis on **breadth, availability, and value** rather than boutique-only spec pieces. The brand was **established in 2003** and was created specifically to **support independent retailers and security professionals** with products that *“would never become available through the large multiple retailers.”*

Where ASEC gets especially interesting (and why it tends to become a “default stock brand”) is the **scale of the range**:

- ASEC positions itself as having a portfolio of **2,000+ individual products**, described as one of the **largest ranges under a single security brand name** in the industry.
- Coverage is intentionally broad across the core trade categories: **Access Control, Architectural Hardware, Key Cutting, Locking Products, UPVC, Tools & Accessories**.

ASEC is **exclusive to Aldridge Security** (whom we distribute) in the UK trade ecosystem (Aldridge explicitly calls itself the **exclusive distributor of ASEC Security Products worldwide**). That exclusivity is a big part of the brand’s identity: it keeps the range aimed at the trade channel rather than getting diluted into mass retail.
