Product Description

The Asec 'First Aid' Self-Adhesive Sign is an essential safety and safe-condition sign designed to clearly indicate the location of first aid equipment and treatment facilities. Featuring a universally recognised design, it displays a green background with a white symbol and text, ensuring immediate visibility and understanding in any workplace, school, or public building.

Constructed from durable, semi-rigid PVC, this sign is built to withstand everyday wear and tear, moisture, and scuffing, making it a long-lasting alternative to standard paper or thin vinyl stickers. It comes equipped with a strong self-adhesive backing, allowing for quick, tool-free installation on clean, flat surfaces such as walls, doors, and cupboards. Measuring 200mm x 300mm, it provides excellent visibility from a distance while maintaining a neat, professional appearance.

Brand Profile

Asec

ASEC is a **trade-focused security hardware brand** built around the “everyday kit” locksmiths and installers reach for, with a big emphasis on **breadth, availability, and value** rather than boutique-only spec pieces. The brand was **established in 2003** and was created specifically to **support independent retailers and security professionals** with products that *“would never become available through the large multiple retailers.”*

Where ASEC gets especially interesting (and why it tends to become a “default stock brand”) is the **scale of the range**:

- ASEC positions itself as having a portfolio of **2,000+ individual products**, described as one of the **largest ranges under a single security brand name** in the industry.
- Coverage is intentionally broad across the core trade categories: **Access Control, Architectural Hardware, Key Cutting, Locking Products, UPVC, Tools & Accessories**.

ASEC is **exclusive to Aldridge Security** (whom we distribute) in the UK trade ecosystem (Aldridge explicitly calls itself the **exclusive distributor of ASEC Security Products worldwide**). That exclusivity is a big part of the brand’s identity: it keeps the range aimed at the trade channel rather than getting diluted into mass retail.
