Specification Summary

Brand	Asec
Product type	Furniture Lock

Product Description

The Asec Furniture Lock Camlock (AS6620) is a reliable and straightforward security solution designed specifically for wooden office pedestal furniture. Ideal for securing drawers and cupboards, this single flange fix lock is held securely in place with a single screw fixing point inside the unit.

When the key is turned, it rotates the 40mm actuator arm (tail bar) 180 degrees anti-clockwise to operate the internal locking mechanisms of your furniture. This lock is supplied keyed to differ with 2 keys, offering up to 200 key differs. For added convenience in commercial or multi-user environments, it is designed to work under a master key system, allowing administrators easy access to multiple units. Finished in a clean, bright chrome, it provides a neat and professional look to any wooden cabinet or desk pedestal.

Technical Specifications

- **Brand:** Asec
- **Manufacturer Reference:** AS6620
- **Cylinder Diameter:** 19mm (Body) x 16mm (Barrel)

Brand Profile

Asec

ASEC is a **trade-focused security hardware brand** built around the “everyday kit” locksmiths and installers reach for, with a big emphasis on **breadth, availability, and value** rather than boutique-only spec pieces. The brand was **established in 2003** and was created specifically to **support independent retailers and security professionals** with products that *“would never become available through the large multiple retailers.”*

Where ASEC gets especially interesting (and why it tends to become a “default stock brand”) is the **scale of the range**:

- ASEC positions itself as having a portfolio of **2,000+ individual products**, described as one of the **largest ranges under a single security brand name** in the industry.
- Coverage is intentionally broad across the core trade categories: **Access Control, Architectural Hardware, Key Cutting, Locking Products, UPVC, Tools & Accessories**.

ASEC is **exclusive to Aldridge Security** (whom we distribute) in the UK trade ecosystem (Aldridge explicitly calls itself the **exclusive distributor of ASEC Security Products worldwide**). That exclusivity is a big part of the brand’s identity: it keeps the range aimed at the trade channel rather than getting diluted into mass retail.
