Specification Summary

Brand	Asec
Product type	Shear

Product Description

The Asec MS41GFKIT Glass Door Bracket (AS9972) is a robust mounting solution designed specifically for securing Asec Shearlock MS41 electromagnetic locks to glass doors. It is engineered to fit 12mm Armour Plate Glass (APG) doors, providing a reliable and stable platform for both the MS41SFM and MS41SSM shearlock models.

Constructed from durable stainless steel, this bracket offers excellent strength and longevity, ensuring your access control system remains secure. It features a non-handed design, allowing for flexible installation on either left- or right-handed doors. To ensure a safe and permanent installation, it is highly recommended to use Penlock two-pack adhesive (part number AS10018) when mounting this bracket to the glass surface.

This bracket is an essential accessory for commercial access control installations, offering a neat, professional, and secure finish on glass doors.

Technical Specifications

- **Brand:** Asec
- **Manufacturer Reference:** AS9972 (MS41GFKIT)
- **Finish:** Stainless Steel

- **Fitting:** 12mm Armour Plate Glass (APG) doors
- **Compatible Shearlocks:** Asec MS41SFM & MS41SSM
- **Handing:** Non-handed
- **Width:** 20cm

Brand Profile

Asec

ASEC is a **trade-focused security hardware brand** built around the “everyday kit” locksmiths and installers reach for, with a big emphasis on **breadth, availability, and value** rather than boutique-only spec pieces. The brand was **established in 2003** and was created specifically to **support independent retailers and security professionals** with products that *“would never become available through the large multiple retailers.”*

Where ASEC gets especially interesting (and why it tends to become a “default stock brand”) is the **scale of the range**:

- ASEC positions itself as having a portfolio of **2,000+ individual products**, described as one of the **largest ranges under a single security brand name** in the industry.
- Coverage is intentionally broad across the core trade categories: **Access Control, Architectural Hardware, Key Cutting, Locking Products, UPVC, Tools & Accessories**.

ASEC is **exclusive to Aldridge Security** (whom we distribute) in the UK trade ecosystem (Aldridge explicitly calls itself the **exclusive distributor of ASEC Security Products worldwide**). That exclusivity is a big part of the brand’s identity: it keeps the range aimed at the trade channel rather than getting diluted into mass retail.
