Product Description

The Asec Heavy Duty Yellow 'A' Board is a highly visible, robust hazard warning sign designed to alert staff, visitors, and the public to temporary dangers. Standing at 60cm in height, this free-standing safety board is ideal for use in commercial, industrial, and public environments to mark out wet floors, cleaning in progress, or maintenance areas.

Constructed for durability, its heavy-duty design ensures stability in busy environments, while the integral carry handle allows for effortless transport and quick deployment. The bright yellow finish ensures maximum visibility from a distance, helping you maintain a safe environment and prevent accidents.

Brand Profile

Asec

ASEC is a **trade-focused security hardware brand** built around the “everyday kit” locksmiths and installers reach for, with a big emphasis on **breadth, availability, and value** rather than boutique-only spec pieces. The brand was **established in 2003** and was created specifically to **support independent retailers and security professionals** with products that *“would never become available through the large multiple retailers.”*

Where ASEC gets especially interesting (and why it tends to become a “default stock brand”) is the **scale of the range**:

- ASEC positions itself as having a portfolio of **2,000+ individual products**, described as one of the **largest ranges under a single security brand name** in the industry.
- Coverage is intentionally broad across the core trade categories: **Access Control, Architectural Hardware, Key Cutting, Locking Products, UPVC, Tools & Accessories**.

ASEC is **exclusive to Aldridge Security** (whom we distribute) in the UK trade ecosystem (Aldridge explicitly calls itself the **exclusive distributor of ASEC Security Products worldwide**). That exclusivity is a big part of the brand’s identity: it keeps the range aimed at the trade channel rather than getting diluted into mass retail.
