Product Description

The Asec 'In Case Of Fire Break Glass' sign is an essential safety notice designed to clearly mark emergency break-glass points in commercial, industrial, and public buildings. Featuring a highly visible green background with white text, this sign ensures that occupants can quickly locate fire alarm call points or emergency key boxes in the event of an emergency.

Manufactured from durable, semi-rigid PVC, this sign is built to last and is easy to maintain. It features a self-adhesive backing, allowing for quick and secure installation on any clean, flat surface without the need for screws or additional fixings. Measuring 200mm x 50mm, it is compact yet highly visible, helping your premises comply with standard fire safety and safe condition requirements.

Brand Profile

Asec

ASEC is a **trade-focused security hardware brand** built around the “everyday kit” locksmiths and installers reach for, with a big emphasis on **breadth, availability, and value** rather than boutique-only spec pieces. The brand was **established in 2003** and was created specifically to **support independent retailers and security professionals** with products that *“would never become available through the large multiple retailers.”*

Where ASEC gets especially interesting (and why it tends to become a “default stock brand”) is the **scale of the range**:

- ASEC positions itself as having a portfolio of **2,000+ individual products**, described as one of the **largest ranges under a single security brand name** in the industry.
- Coverage is intentionally broad across the core trade categories: **Access Control, Architectural Hardware, Key Cutting, Locking Products, UPVC, Tools & Accessories**.

ASEC is **exclusive to Aldridge Security** (whom we distribute) in the UK trade ecosystem (Aldridge explicitly calls itself the **exclusive distributor of ASEC Security Products worldwide**). That exclusivity is a big part of the brand’s identity: it keeps the range aimed at the trade channel rather than getting diluted into mass retail.
