### Product Description

The Asec Keyed Alike Nut Fix Camlock is a versatile and easy-to-install locking solution suitable for both metal and timber applications, including cupboards, cabinets, and lockers. Designed with a conical head shape and finished in high-quality polished chrome, this camlock offers a clean, professional look alongside reliable security.

These camlocks are keyed alike, meaning multiple locks of the same variant can be operated using the same key. Each option is keyed to a specific key series (such as 92003, 92236, or 95010) with differs ranging from 200 to 2,000.

To match your specific installation requirements, this product is available in multiple body lengths ranging from 16mm to 32mm, with weights between 142g and 176g. You can also choose between 90° or 180° clockwise rotation. Please select your required body length, key series, and movement option from the variations below. Each lock comes complete with a 35mm straight cam bar and is supplied with 2 keys.

## Technical Specifications

- **Brand:** Asec
- **Fixing:** Nut fix
- **Finish:** Chrome Plated

- **Head Shape:** Conical
- **Body Length:** 16mm, 20mm, 22mm, 27mm, or 32mm (please choose from the options below)

## Brand Profile

Asec

**ASEC** is a **trade-focused security hardware brand** built around the “everyday kit” locksmiths and installers reach for, with a big emphasis on **breadth, availability, and value** rather than boutique-only spec pieces. The brand was **established in 2003** and was created specifically to **support independent retailers and security professionals** with products that *“would never become available through the large multiple retailers.”*

Where ASEC gets especially interesting (and why it tends to become a “default stock brand”) is the **scale of the range**:

- ASEC positions itself as having a portfolio of **2,000+ individual products**, described as one of the **largest ranges under a single security brand name** in the industry.
- Coverage is intentionally broad across the core trade categories: **Access Control, Architectural Hardware, Key Cutting, Locking Products, UPVC, Tools & Accessories**.

ASEC is **exclusive to Aldridge Security** (whom we distribute) in the UK trade ecosystem (Aldridge explicitly calls itself the **exclusive distributor of ASEC Security Products worldwide**). That exclusivity is a big part of the brand’s identity: it keeps the range aimed at the trade channel rather than getting diluted into mass retail.
