Product Description

The Asec Keyed to Differ (KD) Open Shackle Brass Padlock is a versatile and reliable security solution, perfect for safeguarding everyday items. Constructed with a solid brass body and a hardened steel shackle, this padlock offers dependable protection against wear and tear. Its double-locking mechanism provides added security, making it an ideal choice for securing garden sheds, school lockers, gates, luggage, vans, and bicycles.

This padlock is available in a wide range of sizes to suit your specific security needs. With body widths ranging from 20mm to 60mm, shackle diameters from 3mm to 9mm, and various clearance options, you can easily find the perfect fit. Each padlock is supplied with two keys and is keyed to differ, ensuring that each lock operates on its own unique key.

Please select your preferred body width, shackle diameter, and other dimensions from the options below to find the ideal padlock for your application.

Brand Profile

Asec

ASEC is a **trade-focused security hardware brand** built around the “everyday kit” locksmiths and installers reach for, with a big emphasis on **breadth, availability, and value** rather than boutique-only spec pieces. The brand was **established in 2003** and was created specifically to **support independent retailers and security professionals** with products that *“would never become available through the large multiple retailers.”*

Where ASEC gets especially interesting (and why it tends to become a “default stock brand”) is the **scale of the range**:

- ASEC positions itself as having a portfolio of **2,000+ individual products**, described as one of the **largest ranges under a single security brand name** in the industry.
- Coverage is intentionally broad across the core trade categories: **Access Control, Architectural Hardware, Key Cutting, Locking Products, UPVC, Tools & Accessories**.

ASEC is **exclusive to Aldridge Security** (whom we distribute) in the UK trade ecosystem (Aldridge explicitly calls itself the **exclusive distributor of ASEC Security Products worldwide**). That exclusivity is a big part of the brand’s identity: it keeps the range aimed at the trade channel rather than getting diluted into mass retail.
