Specification Summary

Brand	Asec
Product type	Chrome Effect

Product Description

The Asec 'Ladies' Chrome Self-Adhesive Sign is a sleek and contemporary wayfinding solution designed for modern commercial and professional environments. Measuring 200mm by 50mm, this compact "mini sign" is ideal for locations where space is limited or where larger signage would look intrusive or unsightly.

Constructed from durable, semi-rigid PVC, the sign features a polished chrome-plated finish that provides a mirror-like, professional appearance without the weight or installation hassle of solid metal. It is equipped with a strong self-adhesive backing, allowing for quick, clean, and damage-free application to any smooth, dry surface such as doors, partition walls, or cladding. This makes it perfect for office refurbishments, retail spaces, hospitality venues, and public facilities.

Technical Specifications

- **Brand:** Asec
- **Manufacturer Reference:** AS4747
- **Legend:** Ladies
- **Material:** Semi-rigid PVC

- **Finish:** Chrome Plated
- **Width:** 200mm
- **Height:** 50mm
- **Weight:** 11g
- **Pack Quantity:** 1
- **Barcode:** 5015397201560

Key Features

- **Contemporary Chrome Finish:** Features a mirror-like surface that offers a modern, high-end aesthetic.
- **Compact Design:** At 200mm x 50mm, it is ideal for areas with space constraints where larger signs are impractical.
- **Easy Installation:** Equipped with a self-adhesive backing for quick, peel-and-stick application without the need for screws or drilling.
- **Durable Construction:** Made from semi-rigid PVC, ensuring long-lasting durability while remaining lightweight.
- **Versatile Use:** Perfect for offices, commercial establishments, hospitality venues, and retail environments.

Brand Profile

Asec

ASEC is a **trade-focused security hardware brand** built around the “everyday kit” locksmiths and installers reach for, with a big emphasis on **breadth, availability, and value** rather than boutique-only spec pieces. The brand was **established in 2003** and was created specifically to **support independent retailers and security professionals** with products that *“would never become available through the large multiple retailers.”*

Where ASEC gets especially interesting (and why it tends to become a “default stock brand”) is the **scale of the range**:

- ASEC positions itself as having a portfolio of **2,000+ individual products**, described as one of the **largest ranges under a single security brand name** in the industry.
- Coverage is intentionally broad across the core trade categories: **Access Control, Architectural Hardware, Key Cutting, Locking Products, UPVC, Tools & Accessories**.

ASEC is **exclusive to Aldridge Security** (whom we distribute) in the UK trade ecosystem (Aldridge explicitly calls itself the **exclusive distributor of ASEC Security Products worldwide**). That exclusivity is a big part of the brand’s identity: it keeps the range aimed at the trade channel rather than getting diluted into mass retail.
