Specification Summary

Brand	Asec
Product type	Lock Out Tag Out

Product Description

The Asec Maintenance Electrical Lockout Tagout Kit is a comprehensive, ready-made solution designed to provide the essential equipment required for standard electrical safety isolation procedures. Ideal for electricians, maintenance engineers, and site workers, this 13-piece kit contains the most common devices needed to safely lock out and tag out electrical circuits, machinery, and switchgear.

To ensure maximum portability and ease of use on-site, the kit is housed in a durable, clearly labelled red carry case. This makes it highly visible, easy to transport in a work vehicle, and simple to keep handy in the workplace. From safety padlocks and tags to a variety of miniature circuit breaker (MCB) lockouts and a multi-purpose cable lockout, this kit provides a versatile selection of tools to prevent accidental re-energisation during essential maintenance.

Kit Contents:

- 1 x Lockout Shell Case/Pouch
- 2 x Red Safety Lockout Padlocks (Keyed Differ)
- 2 x Double-Sided Single Tags with Eyelet
- 1 x MCB Lockout Pin Out Standard
- 1 x MCB Lockout Pin In Standard

- 1 x MCB Lockout Pin Out Wide
- 1 x Universal Circuit Breaker Lockout
- 1 x Aluminium MCB Lockout Toggle
- 1 x Multi-purpose Cable Lockout (2.5m)
- 1 x Non-Conductive Lockout Hasp
- 1 x Ultra-fine Permanent Pen

Technical Specifications

- **Brand:** Asec
- **Manufacturer Reference:** AS11508
- **Barcode:** 5015397535184
- **Finish:** Red
- **Kit Size:** 13 pieces
- **Weight:** 670g
- **Cable Lockout Length:** 2.5m
- **Padlock Keying:** Keyed Differ (KD)

Key Features

- **Comprehensive 13-Piece Kit:** Contains essential components for standard electrical lockout tagout applications.
- **Highly Portable:** Supplied in a convenient, clearly labelled red carry case for easy transport and quick identification.
- **Versatile MCB Lockouts:** Includes standard, wide, pin-in, pin-out, and universal circuit breaker lockouts to fit a wide range of equipment.
- **Enhanced Safety:** Features non-conductive lockout hasps and safety padlocks to prevent accidental re-energisation during maintenance.
- **Ready to Use:** Complete with double-sided tags and an ultra-fine permanent pen for immediate deployment in the workplace.

Brand Profile

Asec

ASEC is a **trade-focused security hardware brand** built around the “everyday kit” locksmiths and installers reach for, with a big emphasis on **breadth, availability, and value** rather than boutique-only spec pieces. The brand was **established in 2003** and was created specifically to **support independent retailers and security professionals** with products that *“would never become available through the large multiple retailers.”*

Where ASEC gets especially interesting (and why it tends to become a “default stock brand”) is the **scale of the range**:

- ASEC positions itself as having a portfolio of **2,000+ individual products**, described as one of the **largest ranges under a single security brand name** in the industry.
- Coverage is intentionally broad across the core trade categories: **Access Control, Architectural Hardware, Key Cutting, Locking Products, UPVC, Tools & Accessories**.

ASEC is **exclusive to Aldridge Security** (whom we distribute) in the UK trade ecosystem (Aldridge explicitly calls itself the **exclusive distributor of ASEC Security Products worldwide**). That exclusivity is a big part of the brand’s identity: it keeps the range aimed at the trade channel rather than getting diluted into mass retail.
