Product Description

The Asec Medium Tee Hinge is a reliable and durable hardware solution designed for hanging domestic doors, garden gates, shed doors, and cupboards. Built for medium-duty applications, these classic T-hinges offer excellent support and smooth operation for everyday use.

These versatile hinges are available in a range of lengths from 25cm up to 45cm, allowing you to select the perfect size to support your door or gate. They are also offered in a choice of two finishes: a traditional Black or a corrosion-resistant Zinc Plated finish. Please choose your preferred length, finish, and corresponding manufacturer reference from the options below.

Each pack is supplied loose and sold as a pair, ensuring you have the matching set required for a standard installation.

Brand Profile

Asec

ASEC is a **trade-focused security hardware brand** built around the “everyday kit” locksmiths and installers reach for, with a big emphasis on **breadth, availability, and value** rather than boutique-only spec pieces. The brand was **established in 2003** and was created specifically to **support independent retailers and security professionals** with products that *“would never become available through the large multiple retailers.”*

Where ASEC gets especially interesting (and why it tends to become a “default stock brand”) is the **scale of the range**:

- ASEC positions itself as having a portfolio of **2,000+ individual products**, described as one of the **largest ranges under a single security brand name** in the industry.
- Coverage is intentionally broad across the core trade categories: **Access Control, Architectural Hardware, Key Cutting, Locking Products, UPVC, Tools & Accessories**.

ASEC is **exclusive to Aldridge Security** (whom we distribute) in the UK trade ecosystem (Aldridge explicitly calls itself the **exclusive distributor of ASEC Security Products worldwide**). That exclusivity is a big part of the brand’s identity: it keeps the range aimed at the trade channel rather than getting diluted into mass retail.
