### Product Description

The Asec "Mind Your Head" Chrome Self-Adhesive Sign is a stylish, compact safety solution designed for modern commercial and office environments. Measuring 200mm x 50mm, this mini sign is ideal for areas with limited space or where larger, bulky hazard signs would look unsightly or intrusive. It is commonly used near low doorways, stairwells, and overhead beams to warn visitors and staff of potential hazards.

Crafted from durable, semi-rigid PVC, the sign features a premium chrome-plated finish with a mirror-like surface. This contemporary design ensures that essential safety messages are clearly communicated without compromising the aesthetic of your building's architectural hardware. With its strong self-adhesive backing, installation is quick and simple, requiring no drilling or additional fixings.

## Technical Specifications

- **Brand:** Asec
- **Manufacturer Reference:** AS4765
- **Material:** Semi-rigid PVC
- **Finish:** Chrome Plated (Chrome Effect)

- **Legend:** Mind Your Head
- **Width:** 200mm
- **Height:** 50mm
- **Weight:** 11g
- **Fixing:** Self-adhesive backing

## Key Features

- **Contemporary Chrome Finish:** Mirror-like surface offers a modern, high-quality aesthetic that complements existing architectural hardware.
- **Compact Profile:** Measuring 200mm x 50mm, it is perfect for areas where space constraints make larger signs impractical.
- **Simple Installation:** Self-adhesive backing allows for quick, tool-free mounting on flat, clean surfaces.
- **Durable Material:** Manufactured from semi-rigid PVC to ensure long-lasting durability in high-traffic environments.
- **Clear Safety Warning:** Highly visible "Mind Your Head" legend helps prevent accidents in areas with low ceilings or overhead beams.

## Brand Profile

Asec

**ASEC** is a **trade-focused security hardware brand** built around the “everyday kit” locksmiths and installers reach for, with a big emphasis on **breadth, availability, and value** rather than boutique-only spec pieces. The brand was **established in 2003** and was created specifically to **support independent retailers and security professionals** with products that *“would never become available through the large multiple retailers.”*

Where ASEC gets especially interesting (and why it tends to become a “default stock brand”) is the **scale of the range**:

- ASEC positions itself as having a portfolio of **2,000+ individual products**, described as one of the **largest ranges under a single security brand name** in the industry.
- Coverage is intentionally broad across the core trade categories: **Access Control, Architectural Hardware, Key Cutting, Locking Products, UPVC, Tools & Accessories**.

ASEC is **exclusive to Aldridge Security** (whom we distribute) in the UK trade ecosystem (Aldridge explicitly calls itself the **exclusive distributor of ASEC Security Products worldwide**). That exclusivity is a big part of the brand’s identity: it keeps the range aimed at the trade channel rather than getting diluted into mass retail.
