Specification Summary

Brand	Asec
Product type	Open Shackle

Product Description

The Asec MK Open Shackle Brass Padlock is a versatile and reliable security solution designed for everyday use. Keyed to differ under a master key system, these padlocks are ideal for securing sheds, vans, luggage, lockers, gates, bikes, and more. Each padlock features a robust solid brass body paired with a hardened steel shackle, offering enhanced resistance against cutting and sawing. Additionally, the double-locking mechanism provides extra

security and pull resistance.

Please note that while these padlocks are keyed to differ under a master key, individual key differs cannot be guaranteed.

These padlocks are available in a range of sizes to suit your specific security needs. You can choose from body widths of 40mm, 50mm, or 60mm, with corresponding shackle diameters ranging from 6mm to 9mm. Please select your preferred size, clearance, and keying suite from the options below.

Technical Specifications

- **Body Width:** 40mm, 50mm, or 60mm (please choose from the options below)
- **Body Height:** 33mm, 40mm, or 43mm (please choose from the options below)
- **Body Depth:** 14mm, 16mm, or 18mm (please choose from the options below)
- **Shackle Diameter:** 6mm, 8mm, or 9mm (please choose from the options below)
- **Horizontal Clearance:** 22mm, 27mm, or 32mm (please choose from the options below)
- **Vertical Clearance:** 23mm, 29mm, or 34mm (please choose from the options below)
- **Weight:** 154g, 273g, or 368g (please choose from the options below)
- **Keying:** Master Keyed (BB or CC suites available - please choose from the options below)
- **Keys Supplied:** 2 keys per padlock

Brand Profile

Asec

ASEC is a **trade-focused security hardware brand** built around the “everyday kit” locksmiths and installers reach for, with a big emphasis on **breadth, availability, and value** rather than boutique-only spec pieces. The brand was **established in 2003** and was created specifically to **support independent retailers and security professionals** with products that *“would never become available through the large multiple retailers.”*

Where ASEC gets especially interesting (and why it tends to become a “default stock brand”) is the **scale of the range**:

- ASEC positions itself as having a portfolio of **2,000+ individual products**, described as one of the **largest ranges under a single security brand name** in the industry.
- Coverage is intentionally broad across the core trade categories: **Access Control, Architectural Hardware, Key Cutting, Locking Products, UPVC, Tools & Accessories**.

ASEC is **exclusive to Aldridge Security** (whom we distribute) in the UK trade ecosystem (Aldridge explicitly calls itself the **exclusive distributor of ASEC Security Products worldwide**). That exclusivity is a big part of the brand’s identity: it keeps the range aimed at the trade channel rather than getting diluted into mass retail.
