Specification Summary

Brand	Asec
Product type	Post Box

Product Description

The Asec Modern Post Box is a medium-sized, wall-mounted mailbox designed for secure outdoor and indoor mail storage. Constructed from durable powder-coated steel, it features a corrosion-resistant finish and a weather-resistant seal to keep your mail dry and protected from the elements.

This versatile post box is ideal for standalone use or can be assembled into a modular bank, making it a perfect choice for shared housing, flats, or commercial premises (please note, it is not supplied with holes for lateral fixing). It features a front-loading mailslot measuring 228mm x 30mm, which is perfectly sized to accept A4-sized post.

For security, the mailbox is keyed to differ and comes complete with two keys, along with all the necessary fixings for straightforward installation.

This post box is available in multiple finishes, with corresponding manufacturer references and barcodes. Please choose your preferred options from the selection below.

Technical Specifications

- **Brand:** Asec
- **Material:** Powder-coated steel
- **Height:** 320mm
- **Width:** 250mm (25cm)
- **Depth:** 80mm

Brand Profile

Asec

ASEC is a **trade-focused security hardware brand** built around the “everyday kit” locksmiths and installers reach for, with a big emphasis on **breadth, availability, and value** rather than boutique-only spec pieces. The brand was **established in 2003** and was created specifically to **support independent retailers and security professionals** with products that *“would never become available through the large multiple retailers.”*

Where ASEC gets especially interesting (and why it tends to become a “default stock brand”) is the **scale of the range**:

- ASEC positions itself as having a portfolio of **2,000+ individual products**, described as one of the **largest ranges under a single security brand name** in the industry.
- Coverage is intentionally broad across the core trade categories: **Access Control, Architectural Hardware, Key Cutting, Locking Products, UPVC, Tools & Accessories**.

ASEC is **exclusive to Aldridge Security** (whom we distribute) in the UK trade ecosystem (Aldridge explicitly calls itself the **exclusive distributor of ASEC Security Products worldwide**). That exclusivity is a big part of the brand’s identity: it keeps the range aimed at the trade channel rather than getting diluted into mass retail.
