Specification Summary

Brand	Asec
Product type	Prohibition

Product Description

The Asec 'No Admittance Authorised Personnel Only' sign is a highly visible safety and security sign designed to clearly identify restricted areas and prevent unauthorised entry. Featuring a bold, universally recognised prohibition symbol, it displays a red circular band crossed with a diagonal bar on a clean white background, with a black symbol behind the band indicating the prohibited action.

Manufactured from durable, semi-rigid PVC, this sign is built to withstand everyday wear and tear in busy commercial, industrial, or public environments. It features a self-adhesive backing, allowing for quick, clean, and secure installation on smooth, flat surfaces such as doors, walls, glass panels, or partitions without the need for screws or drilling.

Perfect for offices, warehouses, staff-only zones, and plant rooms, this professional sign helps maintain safety, security, and compliance across your premises.

Technical Specifications

- **Brand:** Asec

- **Manufacturer Reference:** AS4668
- **Legend:** No Admittance Authorised Personnel Only
- **Material:** Semi-rigid PVC
- **Fixing:** Self-adhesive backing
- **Width:** 200mm

Brand Profile

Asec

ASEC is a **trade-focused security hardware brand** built around the “everyday kit” locksmiths and installers reach for, with a big emphasis on **breadth, availability, and value** rather than boutique-only spec pieces. The brand was **established in 2003** and was created specifically to **support independent retailers and security professionals** with products that *“would never become available through the large multiple retailers.”*

Where ASEC gets especially interesting (and why it tends to become a “default stock brand”) is the **scale of the range**:

- ASEC positions itself as having a portfolio of **2,000+ individual products**, described as one of the **largest ranges under a single security brand name** in the industry.
- Coverage is intentionally broad across the core trade categories: **Access Control, Architectural Hardware, Key Cutting, Locking Products, UPVC, Tools & Accessories**.

ASEC is **exclusive to Aldridge Security** (whom we distribute) in the UK trade ecosystem (Aldridge explicitly calls itself the **exclusive distributor of ASEC Security Products worldwide**). That exclusivity is a big part of the brand’s identity: it keeps the range aimed at the trade channel rather than getting diluted into mass retail.
