Specification Summary

Brand	Asec
Product type	Prohibition

Product Description

The Asec 'No Dogs' PVC Self-Adhesive Sign is a highly visible prohibition sign designed to clearly communicate access restrictions on your premises. Featuring the clear legend "No Dogs Except Guide Dogs", this sign helps business owners, facilities managers, and landlords maintain site rules while remaining welcoming to those with assistance animals.

Constructed from durable, semi-rigid PVC, this sign is built to withstand everyday wear and tear in busy commercial, public, or residential environments. It features the universally recognised prohibition symbol - a bold red circular band with a diagonal bar over a black icon on a clean white background.

Installation is quick and straightforward thanks to the self-adhesive backing, which allows you to mount the sign securely onto any smooth, flat surface without the need for screws, drilling, or specialist tools. Each pack contains two signs per sheet, providing excellent value and making it easy to cover multiple entry points.

Technical Specifications

- **Brand:** Asec

- **Manufacturer Reference:** AS4667
- **Material:** Semi-rigid PVC
- **Fixing:** Self-adhesive backing
- **Dimensions:** 200mm x 300mm
- **Legend:** No Dogs Except Guide Dogs
- **Finish:** Red & White

Brand Profile

Asec

ASEC is a **trade-focused security hardware brand** built around the “everyday kit” locksmiths and installers reach for, with a big emphasis on **breadth, availability, and value** rather than boutique-only spec pieces. The brand was **established in 2003** and was created specifically to **support independent retailers and security professionals** with products that *“would never become available through the large multiple retailers.”*

Where ASEC gets especially interesting (and why it tends to become a “default stock brand”) is the **scale of the range**:

- ASEC positions itself as having a portfolio of **2,000+ individual products**, described as one of the **largest ranges under a single security brand name** in the industry.
- Coverage is intentionally broad across the core trade categories: **Access Control, Architectural Hardware, Key Cutting, Locking Products, UPVC, Tools & Accessories**.

ASEC is **exclusive to Aldridge Security** (whom we distribute) in the UK trade ecosystem (Aldridge explicitly calls itself the **exclusive distributor of ASEC Security Products worldwide**). That exclusivity is a big part of the brand’s identity: it keeps the range aimed at the trade channel rather than getting diluted into mass retail.
