Specification Summary

Brand	Asec
Product type	Prohibition

Product Description

The Asec 'No Entry' sign is a highly visible, professional solution designed to restrict access and manage foot traffic in commercial, industrial, and public spaces. Featuring the universally recognised prohibition symbol - a bold red circular band with a diagonal slash on a clean white background, with a black symbol behind - this sign clearly and instantly communicates that entry is prohibited.

Constructed from durable, semi-rigid PVC, this sign is built to withstand everyday wear and tear in busy environments. It features a strong self-adhesive backing, allowing for quick, tool-free installation on any flat, clean surface such as doors, walls, or partitions. Ideal for marking staff-only areas, plant rooms, or hazardous zones, this sign helps maintain safety compliance and security across your premises.

Technical Specifications

- **Brand:** Asec
- **Manufacturer Reference:** AS4665
- **Legend:** No Entry
- **Sign Type:** Prohibition / Restricted Access

- **Material:** Semi-rigid PVC
- **Fixing Method:** Self-adhesive backing
- **Width:** 200mm (20cm)

Brand Profile

Asec

ASEC is a **trade-focused security hardware brand** built around the “everyday kit” locksmiths and installers reach for, with a big emphasis on **breadth, availability, and value** rather than boutique-only spec pieces. The brand was **established in 2003** and was created specifically to **support independent retailers and security professionals** with products that *“would never become available through the large multiple retailers.”*

Where ASEC gets especially interesting (and why it tends to become a “default stock brand”) is the **scale of the range**:

- ASEC positions itself as having a portfolio of **2,000+ individual products**, described as one of the **largest ranges under a single security brand name** in the industry.
- Coverage is intentionally broad across the core trade categories: **Access Control, Architectural Hardware, Key Cutting, Locking Products, UPVC, Tools & Accessories**.

ASEC is **exclusive to Aldridge Security** (whom we distribute) in the UK trade ecosystem (Aldridge explicitly calls itself the **exclusive distributor of ASEC Security Products worldwide**). That exclusivity is a big part of the brand’s identity: it keeps the range aimed at the trade channel rather than getting diluted into mass retail.
