Specification Summary

Brand	Asec
Product type	Prohibition

Product Description

The Asec 'No Entry' self-adhesive sign is a highly visible, professional-grade safety sign designed to clearly communicate restricted access in commercial, industrial, and public spaces. Featuring the universally recognised red prohibition circle with a diagonal bar over a black symbol on a white background, this sign ensures immediate understanding, helping to prevent unauthorised entry and maintain safety.

Constructed from durable, semi-rigid PVC, the sign is built to withstand everyday wear and tear in busy environments such as offices, warehouses, corridors, and plant rooms. It comes with a strong self-adhesive backing, allowing for quick, tool-free installation on smooth, clean surfaces like doors, walls, glass, or plastic. With its compact 200mm x 50mm dimensions, it provides a neat and clear warning without taking up excessive space.

Technical Specifications

- **Brand:** Asec
- **Manufacturer Reference:** AS4742
- **Barcode:** 5015397144171
- **Legend:** No Entry

- **Material:** Semi-rigid PVC
- **Mounting:** Self-adhesive backing
- **Finish:** Red & White
- **Width:** 200mm (20cm)
- **Height:** 50mm
- **Weight:** 11g
- **Pack Quantity:** 1

Key Features

- **Clear Prohibition Symbol:** Features the universally recognised red circular band with a diagonal crossbar over a black symbol to clearly indicate restricted access.
- **Durable Construction:** Made from semi-rigid PVC to resist everyday wear, moisture, and dust.
- **Easy Installation:** Strong self-adhesive backing allows for quick, tool-free application on smooth, clean surfaces.
- **Compact Design:** At 200mm x 50mm, it is ideal for doors, corridors, and areas with limited space.
- **High Visibility:** Bold red, white, and black design ensures the message is easily seen and understood.

Brand Profile

Asec

ASEC is a **trade-focused security hardware brand** built around the “everyday kit” locksmiths and installers reach for, with a big emphasis on **breadth, availability, and value** rather than boutique-only spec pieces. The brand was **established in 2003** and was created specifically to **support independent retailers and security professionals** with products that *“would never become available through the large multiple retailers.”*

Where ASEC gets especially interesting (and why it tends to become a “default stock brand”) is the **scale of the range**:

- ASEC positions itself as having a portfolio of **2,000+ individual products**, described as one of the **largest ranges under a single security brand name** in the industry.
- Coverage is intentionally broad across the core trade categories: **Access Control, Architectural Hardware, Key Cutting, Locking Products, UPVC, Tools & Accessories**.

ASEC is **exclusive to Aldridge Security** (whom we distribute) in the UK trade ecosystem (Aldridge explicitly calls itself the **exclusive distributor of ASEC Security Products worldwide**). That exclusivity is a big part of the brand’s identity: it keeps the range aimed at the trade channel rather than getting diluted into mass retail.
