Specification Summary

Brand	Asec
Product type	Prohibition

Product Description

The Asec 'No Exit' self-adhesive sign is designed to clearly identify restricted areas and prevent unauthorised movement through non-exit routes. Ideal for commercial, industrial, and public premises, this sign helps maintain safety, security, and efficient foot traffic control.

Manufactured from durable semi-rigid PVC, the sign is built to withstand everyday wear and tear in busy environments. It features a self-adhesive backing, allowing for quick, tool-free application to clean, flat surfaces such as doors, walls, and partitions.

Designed in accordance with standard safety sign guidelines, it features a highly visible red circular band with a diagonal slash on a crisp white background, framing the clear "No Exit" legend. This high-contrast layout ensures the message is instantly recognisable from a distance, helping to reduce confusion and support site safety compliance.

Technical Specifications

- **Brand:** Asec

- **Manufacturer Reference:** AS4666
- **Sign Type:** Prohibition / Restricted Access
- **Legend:** No Exit
- **Material:** Semi-rigid PVC
- **Fixing Method:** Self-adhesive backing
- **Width:** 200mm
- **Height:** 300mm

Brand Profile

Asec

ASEC is a **trade-focused security hardware brand** built around the “everyday kit” locksmiths and installers reach for, with a big emphasis on **breadth, availability, and value** rather than boutique-only spec pieces. The brand was **established in 2003** and was created specifically to **support independent retailers and security professionals** with products that *“would never become available through the large multiple retailers.”*

Where ASEC gets especially interesting (and why it tends to become a “default stock brand”) is the **scale of the range**:

- ASEC positions itself as having a portfolio of **2,000+ individual products**, described as one of the **largest ranges under a single security brand name** in the industry.
- Coverage is intentionally broad across the core trade categories: **Access Control, Architectural Hardware, Key Cutting, Locking Products, UPVC, Tools & Accessories**.

ASEC is **exclusive to Aldridge Security** (whom we distribute) in the UK trade ecosystem (Aldridge explicitly calls itself the **exclusive distributor of ASEC Security Products worldwide**). That exclusivity is a big part of the brand’s identity: it keeps the range aimed at the trade channel rather than getting diluted into mass retail.
