Product Description

The Asec "No Exit" self-adhesive sign is a clear and effective way to manage pedestrian traffic and restrict access to specific areas within your premises. Measuring 200mm x 50mm, this compact sign is ideal for mounting on doors, narrow frames, or walls to prevent unauthorised exits and guide visitors away from restricted zones.

Constructed from durable, semi-rigid PVC, this sign is designed to withstand everyday wear and tear in busy commercial, industrial, or public environments. It features a high-bond self-adhesive backing, allowing for quick, tool-free installation on any clean, smooth surface. The sign displays a clear "No Exit" message alongside the internationally recognised red prohibition circle and diagonal bar, ensuring instant recognition and compliance.

Brand Profile

Asec

ASEC is a **trade-focused security hardware brand** built around the “everyday kit” locksmiths and installers reach for, with a big emphasis on **breadth, availability, and value** rather than boutique-only spec pieces. The brand was **established in 2003** and was created specifically to **support independent retailers and security professionals** with products that *“would never become available through the large multiple retailers.”*

Where ASEC gets especially interesting (and why it tends to become a “default stock brand”) is the **scale of the range**:

- ASEC positions itself as having a portfolio of **2,000+ individual products**, described as one of the **largest ranges under a single security brand name** in the industry.
- Coverage is intentionally broad across the core trade categories: **Access Control, Architectural Hardware, Key Cutting, Locking Products, UPVC, Tools & Accessories**.

ASEC is **exclusive to Aldridge Security** (whom we distribute) in the UK trade ecosystem (Aldridge explicitly calls itself the **exclusive distributor of ASEC Security Products worldwide**). That exclusivity is a big part of the brand’s identity: it keeps the range aimed at the trade channel rather than getting diluted into mass retail.
