Specification Summary

Brand	Asec
Product type	No Smoking

Product Description

The Asec "No Smoking" Self-Adhesive Sign is a highly visible, professional safety sign designed for commercial, public, and office environments. Measuring 200mm by 50mm, this compact sign is ideal for areas where space is limited but clear communication is essential.

Constructed from durable, semi-rigid PVC, the sign features the universally recognised "No Smoking" symbol: a red circular band crossed with a diagonal bar over a black cigarette symbol on a clean white background. This clear, high-contrast design ensures the prohibited action is instantly identifiable to staff, visitors, and the public.

With its self-adhesive backing, this sign is quick and easy to install on any clean, dry, and flat surface without the need for screws or tools. It is a simple and effective solution for helping businesses comply with smoke-free regulations.

Technical Specifications

- **Brand:** Asec
- **Manufacturer Reference:** AS4740

- **Barcode:** 5015397144157
- **Material:** Semi-rigid PVC
- **Width:** 200mm
- **Height:** 50mm
- **Finish:** Red & White
- **Legend:** No Smoking
- **Pack Quantity:** 1
- **Weight:** 11g

Brand Profile

Asec

ASEC is a **trade-focused security hardware brand** built around the “everyday kit” locksmiths and installers reach for, with a big emphasis on **breadth, availability, and value** rather than boutique-only spec pieces. The brand was **established in 2003** and was created specifically to **support independent retailers and security professionals** with products that *“would never become available through the large multiple retailers.”*

Where ASEC gets especially interesting (and why it tends to become a “default stock brand”) is the **scale of the range**:

- ASEC positions itself as having a portfolio of **2,000+ individual products**, described as one of the **largest ranges under a single security brand name** in the industry.
- Coverage is intentionally broad across the core trade categories: **Access Control, Architectural Hardware, Key Cutting, Locking Products, UPVC, Tools & Accessories**.

ASEC is **exclusive to Aldridge Security** (whom we distribute) in the UK trade ecosystem (Aldridge explicitly calls itself the **exclusive distributor of ASEC Security Products worldwide**). That exclusivity is a big part of the brand’s identity: it keeps the range aimed at the trade channel rather than getting diluted into mass retail.
