Specification Summary

Brand	Asec
Product type	Chrome Effect

Product Description

The Asec 'Office' Chrome Self-Adhesive Sign is a sleek and contemporary signage solution designed for professional environments. Measuring 200mm x 50mm, this compact mini sign is ideal for areas where space constraints make larger signs impractical or visually intrusive. It is commonly used throughout offices, commercial premises, and public buildings to provide clear, stylish identification.

Constructed from durable, semi-rigid PVC, the sign features a mirror-like chrome-plated finish that adds a modern, executive touch to any door or wall. It coordinates seamlessly with existing chrome or stainless steel door hardware. Installation is quick and straightforward thanks to the self-adhesive backing, which eliminates the need for screws, drilling, or tools.

Technical Specifications

- **Brand:** Asec
- **Manufacturer Reference:** AS4750
- **Legend:** Office
- **Width:** 200mm

- **Height:** 50mm
- **Material:** Semi-rigid PVC
- **Finish:** Chrome Plated (Chrome Effect)
- **Fixing:** Self-adhesive backing
- **Pack Quantity:** 1
- **Weight:** 11g

Key Features

- **Sleek Chrome Finish:** Mirror-like contemporary finish that complements modern office interiors and metallic door hardware.
- **Compact Design:** Ideal for areas where space is limited and larger signs would look unsightly.
- **Easy Installation:** Self-adhesive backing allows for quick, tool-free mounting on clean, flat surfaces.
- **Durable Construction:** Made from high-quality semi-rigid PVC to resist wear and maintain its appearance.
- **Professional Identification:** Provides a clear and executive-looking "Office" label for commercial and workplace environments.

Brand Profile

Asec

ASEC is a **trade-focused security hardware brand** built around the “everyday kit” locksmiths and installers reach for, with a big emphasis on **breadth, availability, and value** rather than boutique-only spec pieces. The brand was **established in 2003** and was created specifically to **support independent retailers and security professionals** with products that *“would never become available through the large multiple retailers.”*

Where ASEC gets especially interesting (and why it tends to become a “default stock brand”) is the **scale of the range**:

- ASEC positions itself as having a portfolio of **2,000+ individual products**, described as one of the **largest ranges under a single security brand name** in the industry.
- Coverage is intentionally broad across the core trade categories: **Access Control, Architectural Hardware, Key Cutting, Locking Products, UPVC, Tools & Accessories**.

ASEC is **exclusive to Aldridge Security** (whom we distribute) in the UK trade ecosystem (Aldridge explicitly calls itself the **exclusive distributor of ASEC Security Products worldwide**). That exclusivity is a big part of the brand’s identity: it keeps the range aimed at the trade channel rather than getting diluted into mass retail.
