Product Description

The Asec 'Office' self-adhesive sign is a stylish and practical solution for identifying office spaces in commercial and professional environments. Featuring a polished gold effect with a mirror-like surface, this contemporary mini sign is designed to fit seamlessly into modern interiors while providing clear, professional direction.

Measuring 200mm by 50mm, its compact size makes it ideal for areas where space is limited or where larger signage would look obtrusive. Manufactured from durable, semi-rigid PVC, it features a self-adhesive backing that ensures quick, easy, and secure installation on most flat, clean surfaces without the need for screws or drilling.

Whether you are updating a corporate office, a commercial building, or a shared workspace, this high-quality gold sign offers an elegant, low-profile way to keep your premises clearly marked.

Brand Profile

Asec

ASEC is a **trade-focused security hardware brand** built around the “everyday kit” locksmiths and installers reach for, with a big emphasis on **breadth, availability, and value** rather than boutique-only spec pieces. The brand was **established in 2003** and was created specifically to **support independent retailers and security professionals** with products that *“would never become available through the large multiple retailers.”*

Where ASEC gets especially interesting (and why it tends to become a “default stock brand”) is the **scale of the range**:

- ASEC positions itself as having a portfolio of **2,000+ individual products**, described as one of the **largest ranges under a single security brand name** in the industry.
- Coverage is intentionally broad across the core trade categories: **Access Control, Architectural Hardware, Key Cutting, Locking Products, UPVC, Tools & Accessories**.

ASEC is **exclusive to Aldridge Security** (whom we distribute) in the UK trade ecosystem (Aldridge explicitly calls itself the **exclusive distributor of ASEC Security Products worldwide**). That exclusivity is a big part of the brand’s identity: it keeps the range aimed at the trade channel rather than getting diluted into mass retail.
