Specification Summary

Brand	Asec
Product type	Door Stop

Product Description

The Asec Oval Floor Door Stop (often referred to as a half-moon door stop) is a simple, reliable solution designed to protect your walls, skirting boards, and doors from impact damage. Mounted directly to the floor, this low-profile door stop features a durable rubber buffer that absorbs impact and cushions the door when opened.

It is available in multiple finishes, including Polished Brass and Polished Anodised Aluminium, allowing you to match it seamlessly with your existing door furniture and interior decor. Depending on your selection, options are supplied in either bagged or visi packaging, with weights ranging from 80g to 99g. Please choose your preferred finish, packaging, and manufacturer reference from the options below.

With its straightforward screw-fixing design, installation is quick and secure, making it an ideal choice for both domestic and commercial environments.

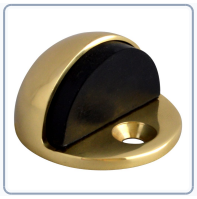

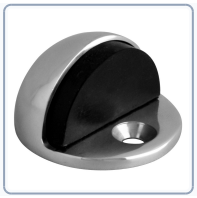

Technical Specifications

- **Brand:** Asec
- **Shape:** Oval (half-moon)
- **Fixing Type:** Screw fixing
- **Finishes:** Polished Brass or Polished Anodised Aluminium (please choose from the options below)
- **Packaging:** Bagged or Visi (please choose from the options below)

Brand Profile

Asec

ASEC is a **trade-focused security hardware brand** built around the “everyday kit” locksmiths and installers reach for, with a big emphasis on **breadth, availability, and value** rather than boutique-only spec pieces. The brand was **established in 2003** and was created specifically to **support independent retailers and security professionals** with products that *“would never become available through the large multiple retailers.”*

Where ASEC gets especially interesting (and why it tends to become a “default stock brand”) is the **scale of the range**:

- ASEC positions itself as having a portfolio of **2,000+ individual products**, described as one of the **largest ranges under a single security brand name** in the industry.
- Coverage is intentionally broad across the core trade categories: **Access Control, Architectural Hardware, Key Cutting, Locking Products, UPVC, Tools & Accessories**.

ASEC is **exclusive to Aldridge Security** (whom we distribute) in the UK trade ecosystem (Aldridge explicitly calls itself the **exclusive distributor of ASEC Security Products worldwide**). That exclusivity is a big part of the brand’s identity: it keeps the range aimed at the trade channel rather than getting diluted into mass retail.
