Product Description

The Asec Patio Door & Window Lock Cylinder is a simple and effective security solution designed to provide reliable secondary home security. Constructed from lightweight yet durable aluminium, this lock is suitable for most standard sliding patio doors and windows, helping to secure your home against unauthorised entry.

This versatile lock cylinder is available in multiple finishes, including Brass, Silver, and White, to seamlessly match your existing door or window hardware. Depending on your security needs, you can choose between Keyed Alike and Keyed To Differ options. The Brass finish (AS11391) is supplied Keyed Alike, making it ideal if you want to operate multiple locks with a single key. The Silver (AS11389) and White (AS11390) finishes are supplied Keyed To Differ, where each lock has its own unique key. Please choose your preferred finish, keying type, and manufacturer reference from the options below.

Each lock is supplied complete with fixing screws and 2 keys, ensuring a quick and straightforward installation process.

Brand Profile

Asec

ASEC is a **trade-focused security hardware brand** built around the “everyday kit” locksmiths and installers reach for, with a big emphasis on **breadth, availability, and value** rather than boutique-only spec pieces. The brand was **established in 2003** and was created specifically to **support independent retailers and security professionals** with products that *“would never become available through the large multiple retailers.”*

Where ASEC gets especially interesting (and why it tends to become a “default stock brand”) is the **scale of the range**:

- ASEC positions itself as having a portfolio of **2,000+ individual products**, described as one of the **largest ranges under a single security brand name** in the industry.
- Coverage is intentionally broad across the core trade categories: **Access Control, Architectural Hardware, Key Cutting, Locking Products, UPVC, Tools & Accessories**.

ASEC is **exclusive to Aldridge Security** (whom we distribute) in the UK trade ecosystem (Aldridge explicitly calls itself the **exclusive distributor of ASEC Security Products worldwide**). That exclusivity is a big part of the brand’s identity: it keeps the range aimed at the trade channel rather than getting diluted into mass retail.
