Product Description

The Asec Peg Snap Fix Furniture Pedestal Lock (AS9954) is a reliable and secure locking solution designed specifically for multi-drawer under-desk units and office pedestal furniture. This push-fit cylindrical lock features a snap-fix design, allowing for quick, secure installation without the need for screws or bolts.

With its sleek radius face and professional black finish, this lock blends seamlessly into modern office environments. It operates with a smooth 180-degree locking and unlocking rotation, ensuring that your sensitive documents and personal belongings remain protected. Each lock is supplied with two keys, keyed to differ, providing individual security for your workspace storage.

Brand Profile

Asec

ASEC is a **trade-focused security hardware brand** built around the “everyday kit” locksmiths and installers reach for, with a big emphasis on **breadth, availability, and value** rather than boutique-only spec pieces. The brand was **established in 2003** and was created specifically to **support independent retailers and security professionals** with products that *“would never become available through the large multiple retailers.”*

Where ASEC gets especially interesting (and why it tends to become a “default stock brand”) is the **scale of the range**:

- ASEC positions itself as having a portfolio of **2,000+ individual products**, described as one of the **largest ranges under a single security brand name** in the industry.
- Coverage is intentionally broad across the core trade categories: **Access Control, Architectural Hardware, Key Cutting, Locking Products, UPVC, Tools & Accessories**.

ASEC is **exclusive to Aldridge Security** (whom we distribute) in the UK trade ecosystem (Aldridge explicitly calls itself the **exclusive distributor of ASEC Security Products worldwide**). That exclusivity is a big part of the brand’s identity: it keeps the range aimed at the trade channel rather than getting diluted into mass retail.
