Specification Summary

Brand	Asec
Product type	Lever Furniture

Product Description

The Asec Plate Mounted Aluminium Lever Furniture is a high-quality, durable door handle solution designed for both commercial and residential applications. Featuring a modern 19mm round bar lever with a practical 'return to door' design, these handles help prevent clothing from snagging and provide a comfortable grip.

Each set is mounted on a sleek 155mm x 43mm backplate with concealed fixings, ensuring a clean, professional finish without visible screws. Crafted from robust anodised aluminium, this lever furniture is built to withstand daily wear and tear while maintaining its contemporary appearance.

This versatile range is available in multiple configurations to suit your specific door hardware needs. Depending on your installation, you can choose from various mechanisms including Bathroom, Euro Cylinder, Latch Only, Oval Cylinder, and UK Mortice, with centres available in 45mm or 57mm. Please select your required mechanism, centres, and manufacturer reference from the options below.

Technical Specifications

- **Brand:** Asec
- **Material / Finish:** Anodised Aluminium
- **Plate Length:** 155mm
- **Plate Width:** 43mm
- **Handle Diameter:** 19mm round bar
- **Spindle Size:** 8mm
- **Centres:** 45mm or 57mm (depending on option selected)

Brand Profile

Asec

ASEC is a **trade-focused security hardware brand** built around the “everyday kit” locksmiths and installers reach for, with a big emphasis on **breadth, availability, and value** rather than boutique-only spec pieces. The brand was **established in 2003** and was created specifically to **support independent retailers and security professionals** with products that *“would never become available through the large multiple retailers.”*

Where ASEC gets especially interesting (and why it tends to become a “default stock brand”) is the **scale of the range**:

- ASEC positions itself as having a portfolio of **2,000+ individual products**, described as one of the **largest ranges under a single security brand name** in the industry.
- Coverage is intentionally broad across the core trade categories: **Access Control, Architectural Hardware, Key Cutting, Locking Products, UPVC, Tools & Accessories**.

ASEC is **exclusive to Aldridge Security** (whom we distribute) in the UK trade ecosystem (Aldridge explicitly calls itself the **exclusive distributor of ASEC Security Products worldwide**). That exclusivity is a big part of the brand’s identity: it keeps the range aimed at the trade channel rather than getting diluted into mass retail.
