Product Description

The Asec "Please Keep Closed" Chrome Self-Adhesive Sign is a contemporary, space-saving signage solution designed for modern offices, commercial properties, and public buildings. Featuring a mirror-like chrome finish, this mini sign offers a sleek, professional aesthetic that blends seamlessly with modern interior decor.

Measuring 200mm by 50mm, it is ideal for areas where space is limited and larger signs would look unsightly or impractical. Constructed from durable, semi-rigid PVC, it features a self-adhesive backing for quick, hassle-free installation on doors, walls, or partitions without the need for drilling or additional fixings.

Brand Profile

Asec

ASEC is a **trade-focused security hardware brand** built around the “everyday kit” locksmiths and installers reach for, with a big emphasis on **breadth, availability, and value** rather than boutique-only spec pieces. The brand was **established in 2003** and was created specifically to **support independent retailers and security professionals** with products that *“would never become available through the large multiple retailers.”*

Where ASEC gets especially interesting (and why it tends to become a “default stock brand”) is the **scale of the range**:

- ASEC positions itself as having a portfolio of **2,000+ individual products**, described as one of the **largest ranges under a single security brand name** in the industry.
- Coverage is intentionally broad across the core trade categories: **Access Control, Architectural Hardware, Key Cutting, Locking Products, UPVC, Tools & Accessories**.

ASEC is **exclusive to Aldridge Security** (whom we distribute) in the UK trade ecosystem (Aldridge explicitly calls itself the **exclusive distributor of ASEC Security Products worldwide**). That exclusivity is a big part of the brand’s identity: it keeps the range aimed at the trade channel rather than getting diluted into mass retail.
