Product type	Polished Gold Effect

Product Description

The Asec 'Please Keep Closed' self-adhesive sign is a polished gold-effect mini sign designed to provide clear instruction while maintaining a professional aesthetic. Measuring 200mm x 50mm, this compact sign is ideal for areas where space is limited, ensuring that larger, bulkier signs do not look unsightly or impractical.

Commonly used throughout offices, commercial establishments, and public buildings, it features a mirror-like surface that offers a contemporary finish. Made from semi-rigid PVC with a self-adhesive backing, it is quick and simple to install on most flat, clean surfaces.

Brand Profile

Asec

ASEC is a **trade-focused security hardware brand** built around the “everyday kit” locksmiths and installers reach for, with a big emphasis on **breadth, availability, and value** rather than boutique-only spec pieces. The brand was **established in 2003** and was created specifically to **support independent retailers and security professionals** with products that *“would never become available through the large multiple retailers.”*

Where ASEC gets especially interesting (and why it tends to become a “default stock brand”) is the **scale of the range**:

- ASEC positions itself as having a portfolio of **2,000+ individual products**, described as one of the **largest ranges under a single security brand name** in the industry.
- Coverage is intentionally broad across the core trade categories: **Access Control, Architectural Hardware, Key Cutting, Locking Products, UPVC, Tools & Accessories**.

ASEC is **exclusive to Aldridge Security** (whom we distribute) in the UK trade ecosystem (Aldridge explicitly calls itself the **exclusive distributor of ASEC Security Products worldwide**). That exclusivity is a big part of the brand’s identity: it keeps the range aimed at the trade channel rather than getting diluted into mass retail.
