Specification Summary

Brand	Asec
Product type	General

Product Description

The Asec 'Please Shut The Gate' sign is a simple yet highly effective solution for ensuring gates, doors, and entry points remain closed. Measuring 200mm x 50mm, this sign features clear, high-visibility white text set against a bold red background, making it easily noticeable from a distance.

Constructed from durable, self-adhesive PVC, it is designed for quick and straightforward application. There is no need for screws or drilling; simply peel and stick the sign onto any clean, dry, and flat surface. Ideal for both residential and commercial properties, this lightweight sign helps maintain security, privacy, and safety by reminding visitors and staff to keep gates closed.

Brand Profile

Asec

ASEC is a **trade-focused security hardware brand** built around the “everyday kit” locksmiths and installers reach for, with a big emphasis on **breadth, availability, and value** rather than boutique-only spec pieces. The brand was **established in 2003** and was created specifically to **support independent retailers and security professionals** with products that *“would never become available through the large multiple retailers.”*

Where ASEC gets especially interesting (and why it tends to become a “default stock brand”) is the **scale of the range**:

- ASEC positions itself as having a portfolio of **2,000+ individual products**, described as one of the **largest ranges under a single security brand name** in the industry.
- Coverage is intentionally broad across the core trade categories: **Access Control, Architectural Hardware, Key Cutting, Locking Products, UPVC, Tools & Accessories**.

ASEC is **exclusive to Aldridge Security** (whom we distribute) in the UK trade ecosystem (Aldridge explicitly calls itself the **exclusive distributor of ASEC Security Products worldwide**). That exclusivity is a big part of the brand’s identity: it keeps the range aimed at the trade channel rather than getting diluted into mass retail.
