Specification Summary

Brand	Asec
Product type	Dome

Product Description

The Asec Press To Exit Green Dome Button with Tamper Proof Collar is a highly durable exit button, specifically designed for high-traffic areas where there is a risk of vandalism. Featuring a robust 2mm stainless steel mounting plate and a protective tamper-proof collar, this button is built to withstand heavy use and physical interference.

This surface-mounted unit comes complete with a 25mm gang box and security screws, ensuring a straightforward and secure installation. The low-profile switch at the rear of the plate allows for a neat fit, while the momentary operation and dual N/O and N/C outputs provide versatile integration with standard access control systems.

Technical Specifications

- **Brand:** Asec
- **Manufacturer Reference:** AS9871
- **Finish:** Stainless Steel
- **Fitting:** Surface
- **Input Voltage:** 12/24V DC
- **Current Rating:** 5A @ 30V
- **Outputs:** N/O & N/C (Normally Open & Normally Closed)
- **Connections:** 2 to 4
- **Operation:** Momentary
- **Illumination:** No
- **Dimensions:** 85mm (Width) x 28mm (Depth)

Brand Profile

Asec

ASEC is a **trade-focused security hardware brand** built around the “everyday kit” locksmiths and installers reach for, with a big emphasis on **breadth, availability, and value** rather than boutique-only spec pieces. The brand was **established in 2003** and was created specifically to **support independent retailers and security professionals** with products that *“would never become available through the large multiple retailers.”*

Where ASEC gets especially interesting (and why it tends to become a “default stock brand”) is the **scale of the range**:

- ASEC positions itself as having a portfolio of **2,000+ individual products**, described as one of the **largest ranges under a single security brand name** in the industry.
- Coverage is intentionally broad across the core trade categories: **Access Control, Architectural Hardware, Key Cutting, Locking Products, UPVC, Tools & Accessories**.

ASEC is **exclusive to Aldridge Security** (whom we distribute) in the UK trade ecosystem (Aldridge explicitly calls itself the **exclusive distributor of ASEC Security Products worldwide**). That exclusivity is a big part of the brand’s identity: it keeps the range aimed at the trade channel rather than getting diluted into mass retail.
