Specification Summary

Brand	Asec
Product type	Dome

Product Description

The Asec Press To Exit Green Dome Button is a heavy-duty, highly visible exit button designed for electronic access control systems. Featuring a robust green dome and a sleek stainless steel faceplate, this momentary button is ideal for releasing electronically locked doors in commercial, industrial, and public environments.

With an IP67-rated front cover and sealed contacts, it is suitable for both internal and external installations, offering excellent resistance to dust and water ingress. The unit is designed for flush mounting as standard, though a surface box is also available to suit your specific installation requirements. Equipped with both Normally Open (N/O) and Normally Closed (N/C) contacts, it provides versatile wiring options for seamless integration with your existing security setup.

Technical Specifications

- **Brand:** Asec
- **Manufacturer Reference:** AS8011
- **Finish:** Stainless Steel
- **Fitting:** Flush
- **Input Voltage:** 12/24V DC
- **IP Rating:** IP67 (Front Only)
- **Operation:** Momentary
- **Outputs:** N/O & N/C

Brand Profile

Asec

ASEC is a **trade-focused security hardware brand** built around the “everyday kit” locksmiths and installers reach for, with a big emphasis on **breadth, availability, and value** rather than boutique-only spec pieces. The brand was **established in 2003** and was created specifically to **support independent retailers and security professionals** with products that *“would never become available through the large multiple retailers.”*

Where ASEC gets especially interesting (and why it tends to become a “default stock brand”) is the **scale of the range**:

- ASEC positions itself as having a portfolio of **2,000+ individual products**, described as one of the **largest ranges under a single security brand name** in the industry.
- Coverage is intentionally broad across the core trade categories: **Access Control, Architectural Hardware, Key Cutting, Locking Products, UPVC, Tools & Accessories**.

ASEC is **exclusive to Aldridge Security** (whom we distribute) in the UK trade ecosystem (Aldridge explicitly calls itself the **exclusive distributor of ASEC Security Products worldwide**). That exclusivity is a big part of the brand’s identity: it keeps the range aimed at the trade channel rather than getting diluted into mass retail.
