Specification Summary

Brand	Asec
Product type	Chrome Effect

Product Description

The Asec 'Private' Chrome Self-Adhesive Sign is a sleek and contemporary signage solution designed to clearly mark restricted or private areas in offices, commercial buildings, and public establishments. Measuring 200mm x 50mm, this compact mini sign is ideal for locations where space is limited, or where larger signs would look bulky and unsightly.

Manufactured from durable, semi-rigid PVC, the sign features a mirror-like chrome-plated finish that offers a modern, executive aesthetic. This high-shine finish seamlessly complements modern door hardware and contemporary interior designs.

Installation is quick and straightforward thanks to the self-adhesive backing, which allows the sign to be securely mounted to doors, walls, or partitions without the need for screws or drilling.

Technical Specifications

- **Brand:** Asec
- **Manufacturer Reference:** AS4752

- **Legend:** Private
- **Finish:** Chrome Plated
- **Material:** Semi-rigid PVC
- **Fixing:** Self-adhesive
- **Width:** 200mm

Brand Profile

Asec

ASEC is a **trade-focused security hardware brand** built around the “everyday kit” locksmiths and installers reach for, with a big emphasis on **breadth, availability, and value** rather than boutique-only spec pieces. The brand was **established in 2003** and was created specifically to **support independent retailers and security professionals** with products that *“would never become available through the large multiple retailers.”*

Where ASEC gets especially interesting (and why it tends to become a “default stock brand”) is the **scale of the range**:

- ASEC positions itself as having a portfolio of **2,000+ individual products**, described as one of the **largest ranges under a single security brand name** in the industry.
- Coverage is intentionally broad across the core trade categories: **Access Control, Architectural Hardware, Key Cutting, Locking Products, UPVC, Tools & Accessories**.

ASEC is **exclusive to Aldridge Security** (whom we distribute) in the UK trade ecosystem (Aldridge explicitly calls itself the **exclusive distributor of ASEC Security Products worldwide**). That exclusivity is a big part of the brand’s identity: it keeps the range aimed at the trade channel rather than getting diluted into mass retail.
