Product type	Polished Gold Effect

Product Description

The Asec "Pull" Gold Self-Adhesive Sign is a sleek and practical signage solution designed for commercial, office, and public environments. Featuring a high-quality polished gold effect with a mirror-like finish, this mini sign offers a contemporary aesthetic that blends seamlessly with modern architectural hardware.

Measuring 200mm x 50mm, its compact dimensions make it ideal for areas where space constraints make larger signs impractical or unsightly. It provides a clear and professional instruction to users, helping to improve foot flow and door usability in busy spaces.

Manufactured from semi-rigid PVC, the sign is highly durable and designed to withstand daily wear and tear. It features a strong self-adhesive backing, allowing for quick, clean, and tool-free installation on any smooth, clean, and dry surface.

Brand Profile

Asec

ASEC is a **trade-focused security hardware brand** built around the “everyday kit” locksmiths and installers reach for, with a big emphasis on **breadth, availability, and value** rather than boutique-only spec pieces. The brand was **established in 2003** and was created specifically to **support independent retailers and security professionals** with products that *“would never become available through the large multiple retailers.”*

Where ASEC gets especially interesting (and why it tends to become a “default stock brand”) is the **scale of the range**:

- ASEC positions itself as having a portfolio of **2,000+ individual products**, described as one of the **largest ranges under a single security brand name** in the industry.
- Coverage is intentionally broad across the core trade categories: **Access Control, Architectural Hardware, Key Cutting, Locking Products, UPVC, Tools & Accessories**.

ASEC is **exclusive to Aldridge Security** (whom we distribute) in the UK trade ecosystem (Aldridge explicitly calls itself the **exclusive distributor of ASEC Security Products worldwide**). That exclusivity is a big part of the brand’s identity: it keeps the range aimed at the trade channel rather than getting diluted into mass retail.
