Specification Summary

Brand	Asec
Product type	Fire Exit & Directions

Product Description

The Asec 'Push Bar To Open' sign is an essential safety and directional notice designed for commercial, industrial, and public buildings. Featuring clear, highly visible white text set against a vibrant green background, this sign ensures that emergency exit instructions are easy to read and follow during an evacuation.

Constructed from a durable, rigid 1mm PVC board, this non-adhesive sign is built to withstand everyday wear and tear in busy environments. Measuring 600mm by 100mm, its wide format makes it ideal for mounting directly above or on emergency exit doors equipped with push bar panic hardware.

Please note that this sign is non-adhesive and can be easily mounted using appropriate adhesives, screws, or double-sided tape (not included) depending on your mounting surface.

Technical Specifications

- **Brand:** Asec
- **Manufacturer Reference:** AS11547
- **Barcode:** 5015397545442
- **Material:** Rigid 1mm PVC board (non-adhesive)
- **Dimensions:** 600mm (W) x 100mm (H)

- **Finish:** Green & White
- **Legend:** Push Bar To Open
- **Pack Quantity:** 1

Brand Profile

Asec

ASEC is a **trade-focused security hardware brand** built around the “everyday kit” locksmiths and installers reach for, with a big emphasis on **breadth, availability, and value** rather than boutique-only spec pieces. The brand was **established in 2003** and was created specifically to **support independent retailers and security professionals** with products that *“would never become available through the large multiple retailers.”*

Where ASEC gets especially interesting (and why it tends to become a “default stock brand”) is the **scale of the range**:

- ASEC positions itself as having a portfolio of **2,000+ individual products**, described as one of the **largest ranges under a single security brand name** in the industry.
- Coverage is intentionally broad across the core trade categories: **Access Control, Architectural Hardware, Key Cutting, Locking Products, UPVC, Tools & Accessories**.

ASEC is **exclusive to Aldridge Security** (whom we distribute) in the UK trade ecosystem (Aldridge explicitly calls itself the **exclusive distributor of ASEC Security Products worldwide**). That exclusivity is a big part of the brand’s identity: it keeps the range aimed at the trade channel rather than getting diluted into mass retail.
