### Product Description

The Asec Rebate Conversion Kit is designed specifically to allow the Asec 50mm 5-lever deadlock to be fitted securely to double rebated doors. This high-quality accessory ensures a professional and flush fit, maintaining the security and aesthetic of your entryway.

Supplied complete with all necessary fixings, the rebate kit features countersunk screw holes to ensure a neat, flush finish once installed. It is available in multiple finishes, including Polished Brass and Satin Chrome, with corresponding manufacturer references AS12203 and AS12204. Please choose your preferred finish and reference from the options below to match your existing door hardware.

## Brand Profile

Asec

**ASEC** is a **trade-focused security hardware brand** built around the “everyday kit” locksmiths and installers reach for, with a big emphasis on **breadth, availability, and value** rather than boutique-only spec pieces. The brand was **established in 2003** and was created specifically to **support independent retailers and security professionals** with products that *“would never become available through the large multiple retailers.”*

Where ASEC gets especially interesting (and why it tends to become a “default stock brand”) is the **scale of the range**:

- ASEC positions itself as having a portfolio of **2,000+ individual products**, described as one of the **largest ranges under a single security brand name** in the industry.
- Coverage is intentionally broad across the core trade categories: **Access Control, Architectural Hardware, Key Cutting, Locking Products, UPVC, Tools & Accessories**.

ASEC is **exclusive to Aldridge Security** (whom we distribute) in the UK trade ecosystem (Aldridge explicitly calls itself the **exclusive distributor of ASEC Security Products worldwide**). That exclusivity is a big part of the brand’s identity: it keeps the range aimed at the trade channel rather than getting diluted into mass retail.
