Specification Summary

Brand	Asec
Product type	Accessory

Product Description

The Asec Rebate Conversion Kit is designed specifically to allow the Asec 50mm 5 Lever Sashlock to be seamlessly fitted to double rebated doors. This essential accessory ensures that your mortice lock functions correctly and securely on rebated door pairs, maintaining a neat, professional appearance.

This rebate kit is available in multiple finishes, including Polished Brass and Satin Chrome, to match your existing door hardware. Please select your preferred finish, barcode, and corresponding manufacturer reference from the options below.

Each kit is supplied complete with all necessary fixings and features countersunk screw holes for a flush, secure installation.

Brand Profile

Asec

ASEC is a **trade-focused security hardware brand** built around the “everyday kit” locksmiths and installers reach for, with a big emphasis on **breadth, availability, and value** rather than boutique-only spec pieces. The brand was **established in 2003** and was created specifically to **support independent retailers and security professionals** with products that *“would never become available through the large multiple retailers.”*

Where ASEC gets especially interesting (and why it tends to become a “default stock brand”) is the **scale of the range**:

- ASEC positions itself as having a portfolio of **2,000+ individual products**, described as one of the **largest ranges under a single security brand name** in the industry.
- Coverage is intentionally broad across the core trade categories: **Access Control, Architectural Hardware, Key Cutting, Locking Products, UPVC, Tools & Accessories**.

ASEC is **exclusive to Aldridge Security** (whom we distribute) in the UK trade ecosystem (Aldridge explicitly calls itself the **exclusive distributor of ASEC Security Products worldwide**). That exclusivity is a big part of the brand’s identity: it keeps the range aimed at the trade channel rather than getting diluted into mass retail.
