## Product Description

The Asec Rim Latch & Snib (100mm) is a classic, surface-mounted rim latch designed for straightforward installation and reliable everyday use. It is ideal for low-security applications, internal doors, and traditional properties, and is designed to be paired with rim-style knob handles.

This latch features a practical snib function, allowing you to temporarily hold the latch bolt in the retracted position for convenience. It comes complete with an 8mm spindle and all necessary fixing screws, providing a hassle-free installation process.

This product is available in multiple finishes, including Black and Polished Brass, and different manufacturer references (AS10523 and AS10524). Please select your preferred finish and option from the choices below.

## Technical Specifications

- **Case Depth:** 100mm
- **Backset:** 75mm
- **Spindle Size:** 8mm
- **Finishes Available:** Black or Polished Brass (please choose from the options below)
- **Mechanism:** Latch only with snib function

## Brand Profile

Asec

**ASEC** is a **trade-focused security hardware brand** built around the “everyday kit” locksmiths and installers reach for, with a big emphasis on **breadth, availability, and value** rather than boutique-only spec pieces. The brand was **established in 2003** and was created specifically to **support independent retailers and security professionals** with products that *“would never become available through the large multiple retailers.”*

Where ASEC gets especially interesting (and why it tends to become a “default stock brand”) is the **scale of the range**:

- ASEC positions itself as having a portfolio of **2,000+ individual products**, described as one of the **largest ranges under a single security brand name** in the industry.
- Coverage is intentionally broad across the core trade categories: **Access Control, Architectural Hardware, Key Cutting, Locking Products, UPVC, Tools & Accessories**.

ASEC is **exclusive to Aldridge Security** (whom we distribute) in the UK trade ecosystem (Aldridge explicitly calls itself the **exclusive distributor of ASEC Security Products worldwide**). That exclusivity is a big part of the brand’s identity: it keeps the range aimed at the trade channel rather than getting diluted into mass retail.
