Specification Summary

Brand	Asec
Product type	On & Off

Product Description

The Asec Roller Shutter Keyswitch with Cylinder (AS9806) is a robust and reliable surface-mounted control switch, specifically designed for operating roller shutter doors. Featuring a durable stainless steel faceplate, this momentary contact, 3-position keyswitch provides secure and straightforward operation.

Designed for standard 230V AC mains systems, the switch is rated at 16A and features clear "Up" and "Down" arrow legends to guide the user. It is supplied complete with a non-removable Euro cylinder and 2 keys, ensuring you have everything needed for a secure setup right out of the box. Its surface-mounted design allows for quick and convenient installation on a variety of surfaces.

Whether you are upgrading an existing shutter control or installing a new system, this Asec keyswitch offers the perfect blend of security, durability, and ease of use.

Technical Specifications

- **Brand:** Asec
- **Manufacturer Reference:** AS9806
- **Input Voltage:** 230V AC mains
- **Current Rating:** 16 A
- **Operation:** Momentary (3-position)
- **Mechanism:** Euro Cylinder (non-removable)
- **Outputs:** Normally Open (N/O)

Brand Profile

Asec

ASEC is a **trade-focused security hardware brand** built around the “everyday kit” locksmiths and installers reach for, with a big emphasis on **breadth, availability, and value** rather than boutique-only spec pieces. The brand was **established in 2003** and was created specifically to **support independent retailers and security professionals** with products that *“would never become available through the large multiple retailers.”*

Where ASEC gets especially interesting (and why it tends to become a “default stock brand”) is the **scale of the range**:

- ASEC positions itself as having a portfolio of **2,000+ individual products**, described as one of the **largest ranges under a single security brand name** in the industry.
- Coverage is intentionally broad across the core trade categories: **Access Control, Architectural Hardware, Key Cutting, Locking Products, UPVC, Tools & Accessories**.

ASEC is **exclusive to Aldridge Security** (whom we distribute) in the UK trade ecosystem (Aldridge explicitly calls itself the **exclusive distributor of ASEC Security Products worldwide**). That exclusivity is a big part of the brand’s identity: it keeps the range aimed at the trade channel rather than getting diluted into mass retail.
