Specification Summary

Brand	Asec
Product type	Bullet Locks

Product Description

The Asec Round Faced Bullet Lock Housing is a robust, heavy-duty housing designed specifically to accommodate the Asec Round Faced Bullet Lock. Engineered for roller shutter security, this weld-on housing provides a secure and reliable receptacle for the lock's tail, effectively preventing the shutter door from being opened when locked.

Constructed from solid, durable materials, this housing is built to withstand physical force and harsh environments. It is typically installed by welding directly to either the roller shutter frame or the door itself, ensuring a permanent and highly secure attachment. Featuring a clean satin chrome finish, it offers a neat appearance alongside its heavy-duty functionality. The housing is supplied individually boxed, making it easy to store safely until installation.

Technical Specifications

- **Brand:** Asec
- **Part Number:** AS12184
- **Manufacturer Reference:** AS12142
- **Depth:** 47mm
- **Height:** 47mm
- **Width:** 35mm
- **Weight:** 250g
- **Finish:** Satin Chrome
- **Suits Product:** Asec Round Faced Bullet Lock
- **Pack Quantity:** 1
- **Packaging:** Boxed

Key Features

- **Robust Construction:** Solid, heavy-duty build designed to withstand physical force and tampering.
- **Weld-On Design:** Ideal for welding directly to either the roller shutter frame or door for a permanent, secure installation.
- **Tailored Fit:** Specifically designed to suit the Asec Round Faced Bullet Lock.
- **Satin Chrome Finish:** Clean, professional aesthetic that complements standard commercial shutter setups.

Brand Profile

Asec

ASEC is a **trade-focused security hardware brand** built around the “everyday kit” locksmiths and installers reach for, with a big emphasis on **breadth, availability, and value** rather than boutique-only spec pieces. The brand was **established in 2003** and was created specifically to **support independent retailers and security professionals** with products that *“would never become available through the large multiple retailers.”*

Where ASEC gets especially interesting (and why it tends to become a “default stock brand”) is the **scale of the range**:

- ASEC positions itself as having a portfolio of **2,000+ individual products**, described as one of the **largest ranges under a single security brand name** in the industry.
- Coverage is intentionally broad across the core trade categories: **Access Control, Architectural Hardware, Key Cutting, Locking Products, UPVC, Tools & Accessories**.

ASEC is **exclusive to Aldridge Security** (whom we distribute) in the UK trade ecosystem (Aldridge explicitly calls itself the **exclusive distributor of ASEC Security Products worldwide**). That exclusivity is a big part of the brand’s identity: it keeps the range aimed at the trade channel rather than getting diluted into mass retail.
