Specification Summary

Brand	Asec
Product type	Nut Fix

Product Description

The Asec Round MK Nut Fix Camlock 90° is a highly versatile and easy-to-install locking solution designed specifically for securing metal and timber cupboards, cabinets, and lockers. Featuring a robust 5-pin mechanism, this round-faced camlock offers reliable security with 200 key differs.

This camlock operates with a smooth 90° clockwise turn and is supplied master keyed (MK) on the 92 key series, making it an excellent choice for commercial environments, schools, or offices where master key access is required. Each lock comes complete with two keys.

With a secure nut-fix design, installation is quick and straightforward. To suit a wide variety of door and panel thicknesses, this lock is available in multiple body lengths ranging from 11mm to 32mm (measured from the rose to the cam), with weights ranging from 58g to 176g. Please select your required size, manufacturer reference, and specifications from the options below.

Brand Profile

Asec

ASEC is a **trade-focused security hardware brand** built around the “everyday kit” locksmiths and installers reach for, with a big emphasis on **breadth, availability, and value** rather than boutique-only spec pieces. The brand was **established in 2003** and was created specifically to **support independent retailers and security professionals** with products that *“would never become available through the large multiple retailers.”*

Where ASEC gets especially interesting (and why it tends to become a “default stock brand”) is the **scale of the range**:

- ASEC positions itself as having a portfolio of **2,000+ individual products**, described as one of the **largest ranges under a single security brand name** in the industry.
- Coverage is intentionally broad across the core trade categories: **Access Control, Architectural Hardware, Key Cutting, Locking Products, UPVC, Tools & Accessories**.

ASEC is **exclusive to Aldridge Security** (whom we distribute) in the UK trade ecosystem (Aldridge explicitly calls itself the **exclusive distributor of ASEC Security Products worldwide**). That exclusivity is a big part of the brand’s identity: it keeps the range aimed at the trade channel rather than getting diluted into mass retail.
