Specification Summary

Brand	Asec
Product type	Till & Drawer Lock

Product Description

The Asec Round Rim Cupboard Lock is a reliable and easy-to-install deadbolt furniture lock, perfect for securing cupboards, cabinets, and drawers. Designed with a round backplate, this lock is secured to the inside face of the door or drawer using four screws, requiring an 18mm hole to be drilled through to expose the barrel.

Operating the key extends or retracts the deadbolt, providing straightforward and secure locking. It features an 18mm diameter nozzle with a 22mm length, making it suitable for a variety of standard furniture thicknesses. Finished in polished chrome plating, it offers a clean, modern look that blends seamlessly with existing cabinet hardware.

This cupboard lock is supplied keyed to differ, meaning each lock operates on its own unique key profile, and comes complete with two keys. It is an ideal choice for both domestic and commercial furniture security upgrades.

Technical Specifications

- **Brand:** Asec
- **Manufacturer Reference:** AS9957
- **Finish:** Chrome Plated
- **Nozzle Diameter:** 18mm
- **Nozzle Length:** 22mm

Brand Profile

Asec

ASEC is a **trade-focused security hardware brand** built around the “everyday kit” locksmiths and installers reach for, with a big emphasis on **breadth, availability, and value** rather than boutique-only spec pieces. The brand was **established in 2003** and was created specifically to **support independent retailers and security professionals** with products that *“would never become available through the large multiple retailers.”*

Where ASEC gets especially interesting (and why it tends to become a “default stock brand”) is the **scale of the range**:

- ASEC positions itself as having a portfolio of **2,000+ individual products**, described as one of the **largest ranges under a single security brand name** in the industry.
- Coverage is intentionally broad across the core trade categories: **Access Control, Architectural Hardware, Key Cutting, Locking Products, UPVC, Tools & Accessories**.

ASEC is **exclusive to Aldridge Security** (whom we distribute) in the UK trade ecosystem (Aldridge explicitly calls itself the **exclusive distributor of ASEC Security Products worldwide**). That exclusivity is a big part of the brand’s identity: it keeps the range aimed at the trade channel rather than getting diluted into mass retail.
