Specification Summary

Brand	Asec
Product type	Lever Furniture

Product Description

The Asec Round Rose Aluminium Sprung Lever Furniture is a practical and stylish door handle solution, perfect for both domestic and commercial environments. Featuring a 19mm round bar lever with a classic "return to door" design, it offers a comfortable grip while preventing clothing from catching on the handle end.

Crafted from durable anodised aluminium, this lever set features a sprung rose mechanism that ensures the handle returns smoothly to its horizontal position, reducing wear and tear on your door latch. The concealed fixing design hides the mounting screws behind a clip-on rose cover, providing a clean, modern, and professional finish on any door. Supplied as a latch-only set with an 8mm spindle, it is an ideal choice for high-traffic internal doors.

Technical Specifications

- **Brand:** Asec
- **Manufacturer Reference:** AS4001
- **Finish:** Anodised Aluminium
- **Lever Diameter:** 19mm
- **Rose/Plate Diameter:** 50mm
- **Spindle Size:** 8mm

Brand Profile

Asec

ASEC is a **trade-focused security hardware brand** built around the “everyday kit” locksmiths and installers reach for, with a big emphasis on **breadth, availability, and value** rather than boutique-only spec pieces. The brand was **established in 2003** and was created specifically to **support independent retailers and security professionals** with products that *“would never become available through the large multiple retailers.”*

Where ASEC gets especially interesting (and why it tends to become a “default stock brand”) is the **scale of the range**:

- ASEC positions itself as having a portfolio of **2,000+ individual products**, described as one of the **largest ranges under a single security brand name** in the industry.
- Coverage is intentionally broad across the core trade categories: **Access Control, Architectural Hardware, Key Cutting, Locking Products, UPVC, Tools & Accessories**.

ASEC is **exclusive to Aldridge Security** (whom we distribute) in the UK trade ecosystem (Aldridge explicitly calls itself the **exclusive distributor of ASEC Security Products worldwide**). That exclusivity is a big part of the brand’s identity: it keeps the range aimed at the trade channel rather than getting diluted into mass retail.
